

# 20 YEARS OF REMUS

Founded in 1990, it has now been 20 years since the Austrian family business REMUS Innovation was established. Starting with only five employees, REMUS has grown into a 500-strong world market leader for sport exhausts. With their emphasis on Sound Engineering, REMUS develops individual sounds from full racing to sonorous street. Together with highly qualified employees, a state of the art sound laboratory and research centre, and modern manufacturing methods, REMUS secures the lead spot in the global market.

## WEST LAKE TYRES AT ARMY HALF MARATHON

West Lake tyres showed loads of support for our boys in green at the annual Army Half Marathon 2010. A booth was set up at the venue and many special promotions for various tyres were available. There was even a tricked-out Integra on display!

## GARAGE R SUPPORTS RICHARD BRADLEY!

Recognising the need for support to elevate motorsports to higher levels, HKS Garage R clearly shows their passion and commitment with their impressive portfolio boasting experience and support in drag racing, drifting, rallying and circuit racing. Most recently in time for the Singapore Grand Prix, HKS Garage R announced a sponsorship deal with Formula BMW Pacific 2010 championship leader Richard Bradley.

Said Lawrence, Managing Director of HKS Garage R, "We have been supporting local teams and drivers across different aspects of the sport. We recognise Richard's talent and potential to progress to the higher ranks of motor racing. We have confidence in his driving and are enthusiastic about developing a long-standing relationship with him."

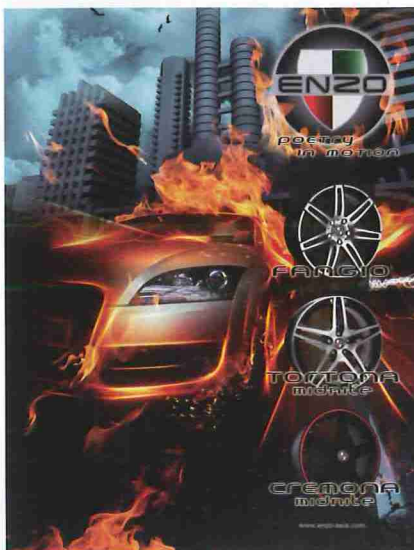

## SPARK CAR CARE

Recently re-launched, SPARK Car Care has been serving private cars and commercial vehicles over the last three decades. As the vehicle repair and maintenance arm of ComfortDelGro Engineering, it is more commonly known for work on ComfortDelGro's entire taxi fleet – but it is so much more than that. It has six strategically located private car care centres that perform over 250,000 servicing and repairs annually. Each car care centre has its dedicated team of engineers and technicians serving the privately owned vehicles.

## ALCAR DISTRIBUTES ENZO RIMS

Alcar has just received exclusive distribution rights for Enzo rims in Singapore. Made from the finest grade of aluminum, and painted and finished by the finest craftsmen, ENZO is an ode to timeless and contemporary Italian design. Each design consumes over 1,000 man hours and pays tribute to a certain design era, while the angles, colors and finishes used are hallmarks of classic Italian style.

## YHI RELOCATES HQ

In line with their plans for business expansion and the need to provide customers with more comprehensive services in the coming years, YHI Corporation's current Pandan Loop facility will be undergoing a total reconstruction. They have set up a temporary location at No. 1 Jalan Besut Singapore 619554 starting 18 October 2010. Mail and Telephone contacts remain unchanged.
